MEMORANDUM FOR:

Executive Assistant to Deputy Director/Support

SUBJECT:

Proposed Revision of Regulation Training at Non-CIA Facilities Under the Government Employees Training Act

1. It is recommended that the following language be added to paragraph 1 of the proposed regulation:

"By Executive Order 10805 (February 18, 1959) CIA was excepted from supervision and control by the Civil Service Commission and from certain other administrative requirements of the Act."

This is believed desirable in order to put interested persons on notice of the fact that CIM is not subject to all of the requirements, limitations and controls set forth in the Act.

2. Subject to the foregoing, the proposed regulation is concurred in as written.
